

SYNOPSIS

On the Road to Santiago - Brothers III

Auf dem Jakobsweg - Die Brüder III

Adrian is getting into a veritable existential crisis. He decides to set out for Santiago de Compostela on foot to come to terms with himself and sort things out. Against Adrian's will, not least for fears about his brother, Ludwig joins the pilgrimage.

Ernst, who first wouldn't even dream of joining, feels impelled to leave Vienna for some time in the wake of a scandal he has caused. Far from being a pious undertaking at first, the voyage repeatedly breaks up old conflicts between the brothers, who cannot let go of each other in spite of everything that has happened.
