Austria from Above - Jewel of the Country: Season 2

Über Österreich: Juwele des Landes: Staffel 2

Georg Riha is and will remain the master of aerialshots. What he used to film with balloons and spidercams is now done with drones and helicopters. In this new four-part series, for the first time, Riha uses aerial shots only. In shootings that took several years he flew over almost all of Austria and shows the country's most beautiful places from the aerial perspective during the course of a year.
