

SYNOPSIS

Filadelfia - Heat, Dust and the Word of God

Filadelfia - Hitze, Staub und Gottes Wort

This documentary sets out to the Paraguayan region of the Chaco, which is located in the very heart of South America but represents the most inhospitable land the continent has to offer and explores the colony of Fernheim («Far from home») founded by German Mennonites after they had fled the Soviet Union in the early thirties. The centre of this colony is a little town, called Filadelfia - a community with fascinating memories and touching hopes for the future.

Year: 2009

Run-Time: 1 x 30 min.

Directed by Roswitha and Ronald Vaughan
