

SYNOPSIS

Sexy Men

Die männliche Erotik

The male libido is no longer the be all and end all when it comes to sexuality, that it has been for a long time. However, both men and women generally accept that there are big differences between male and female desire. In this new production from ORF III, medical journalist Bernhard Hain investigates what lies behind the male libido and how it has been influenced by changing male roles.

Year: 2018

Run-Time: 1 x 45 min.

Directed by Bernhard Hain

A Production by Schnittstelle for ORF III
