

SYNOPSIS

Hallstatt - Living between Rock and Lake

Hallstatt - Ein Leben zwischen Fels und See

The Austrian region of Hallstatt-Dachstein features breathtaking landscapes, crystal clear lakes and a deep historic relevance: During the Hallstatt era, 2500 years ago, the celtics built an empire on the ancient salt-mines of the region. Using the latest CGI techniques, dramatic reenactments and outstanding nature photography director Wolfgang Thaler lets this fascinating region come to life.
