

SYNOPSIS

The Wiener Schnitzel

Wiener Schnitzel / Unser Schnitzel

The Wiener schnitzel has conquered the entire planet. Menus around the world list it. Our trip through inns, snack bars and farms takes us all the way to America. There's even a fast food chain there called 'Wienerschnitzel'. The Wiener schnitzel started out as a dish for the upper classes and in the mid-19th century it started being eaten by ordinary people on similarly festive occasions. But why has this piece of pork coated in crispy breadcrumbs become the most popular type of schnitzel?

Year: 2017

Run-Time: 1 x 55 min.
