

SYNOPSIS

The Healer 2

Die Heilerin 2

Halfried's daughter Marion, a doctor like her father, tries to strike roots again in her homeland. She still suffers after the breakup from her husband Thomas, but now finds some relief in the arms of Christopher, a doctor from the area. Marion is insecure about a possible future for their affair. Only Laura knows for sure: Christoph is the wrong man for her mother! Laura does not hide her opinion on that matter, thereby causing the relationship to her mother to suffer. Laura has always had a rather weird personality, but lately she has been increasingly slipping into her own world, far away from the people around her. When Marion suddenly becomes seriously ill, grandmother, mother and granddaughter are being put to the test.
