## Flamenco of Love

### Flamenco der Liebe

For the Werner family's respected but struggling construction company, there's a lot at stake in the Seville hotel project. In an attempt to ward off a takeover by investor Martin Boldt, young Lisa Werner flies to Seville herself to assume control of the site. There she meets the seductive flamenco dancer Ramón, the fiery leader of an ensemble whose female star is his girlfriend Isabel. As Ramón introduces Lisa to the hidden beauties and sensual vitality of the Spanish city, a romance tinged with the passion of the flamenco begins to unfold. Although Isabel herself has betrayed Ramón, she flies into a rage upon hearing about Lisa and causes an accident in which she loses her eyesight. As Ramón struggles with his conscience and his loyalty to Isabel, Lisa grows closer to the sensitive and understanding Martin. The dance, however, is far from over.
