

SYNOPSIS

Tatort - The Guardian of the Spring

Tatort - Der Wächter der Quelle

The environmental activist Hermann Wegscheider, a thorn in the side of many in the village due to his bitter opposition to the commercialization of the mineral spring above St. Johann, is found dead by the 13-year-old Maria. The young girl does not believe his death was an accident and alerts the police. Barbara Trenkwalder, a police detective from Tyrol, and Moritz Eisner soon have to believe it was murder.
