

SYNOPSIS

Nikolaus Harnoncourt - 25 Years Styriarte

Heimspiel für Harnoncourt - 25 Jahre Styriarte

The styriarte music festival was first held 25 years ago. At the time the idea was to bring Nikolaus Harnoncourt, the pioneering conductor, closer to his home town. This worldwide star has remained at the heart of the festival to the present day and plays a key role in shaping the programme with productions that have caused an international sensation. »styriarte« has become the star conductor's «home game». Over the course of the years he has recorded cycles by Schumann, Beethoven, Haydn, Brahms, Mendelssohn and Schubert here, and brought musical projects to fruition that would not have been possible elsewhere. The documentary shows the chronology and highlights of the past 25 years and, among other things, provides a glimpse of Nikolaus Harnoncourt and the Chamber Orchestra of Europe's enthralling and enjoyable rehearsals for Bedrich Smetana's symphonic cycle, «My Fatherland».
