## When the Music Plays - Winter Special 2014

### Wenn die Musi spielt - Winter Special 2014

This time Arnulf Prasch and Stefanie Hertel present a very special kind of music. At the Alte Mühle in the holiday resort of »Kirchleitn« in Austria's St. Oswald/Bad Kleinkirchheim, they meet live musical guests and a jaunty chalet audience for shared singing and music making. Erwin Aschenwald and his »Mayrhofner«, Saso Avsenik and his Oberkrainer and Marc Pircher play together live and sing together with the public. »This special program once again shows that musicians in the folk scene are always open to new things and simply love getting involved in this kind of musical get-together«, says Florian Illich, the editor-in-chief. At the chalet jamboree there are lots of more stars and their hits from the winter open air shows of recent years such as the Grubertaler, the Edelseer, Semino Rossi, the Seer, Roberto Blanco, the Nockalm Quintett, Nik P., Andreas Gabalier and others.
