## 50 Years Concentus Musicus

### 50 Jahre Concentus Musicus - Die seltsamsten Wiener der Welt

The documentary begins by taking a look at how the ensemble, which specialises in performing music from past centuries on authentic historical instruments, got its start. We accompany the group to several performance venues, including London, Vienna and Graz. Celebrated singers, such as Thomas Hampson, Michael Schade and Herbert Lippert, recount anecdotes describing their personal connection and collaboration with the orchestra. Current excerpts from rehearsals featuring works by Mozart, Purcell and Haydn round out the programme.
