Lampedusa - Keine Insel

«Lampedusa - No Island» shows a feuilleton style report that does not only feature the tragic refugee's fate but furthermore gives a realistic insight in the citizens' living situation. Is there a lighthouse that will show us the way out of the darkest chapter of the European Union's history? From a very personal point of view the audience accompanies the film maker to the biggest fears of people and finally finds hold where none was expected: at Lampedusa. During an extensive conversation mayor Giusi Nicolini makes clear the chances and possibilities of an actively arranged migration policy with «her» Island as an example.
