

SYNOPSIS

Mauthausen - A Memorial Through the Ages

Neugestaltung Mauthausen - Eine KZ-Gedenkstätte stellt sich der Zeit

An international committee took up a five year challenge to try a redesign of the memorial at the Mauthausen concentration camp- a place rich in history and importance. It was an interdisciplinary work with demanding aspects for all participants. How to start a project to such an extent? How to make the right decisions? How to communicate the desired content? Contemporary witnesses of all over the world describe their experiences in the concentration camp. They tell the impressive background stories of new exhibits and set new impulses for the international dealing with the Nazi era.
