

SYNOPSIS

Maximum Male Beauty

Schöner als ein Aff

Some men are more vain than women. They spend hours in the bathroom and run to the gym, where they work on developing a "sixpack". They dress like young people and some even try to disguise their true age. But why? From the biblical David to our modern David Beckham- has the ideal of male beauty really changed? This documentary attempts to discover what the new role model for men might be by asking cultural historians, ethnologists, plastic surgeons and celebrities about their attitudes to beauty and about the delusions of masculinity.
