

SYNOPSIS

Vienna Woods - A Region of Delights

Auf den Spuren der Wienerwald Weiderinder

Sustainable development has become more fashionable today than ever before, with agriculture also pioneering new methods. Understanding, participation and enjoyment serve as background information about the management of cultural landscapes by cattle and dairy farms, vineyards, horse stables, timber yards and restaurants. This documentary shows, the necessity and means of extensive and sustainable quality development by which resources can be managed and conserved while helping nature to thrive.

Year: 2010

Run-Time: 1 x 30 min.

Directed by Harald Langer
