Saar, Neckar and Main - Romantic Rivers at the Heart of Europe

Saar, Neckar und Main - Romantische Flüsse im Herzen Europas

This film series takes a new look at three rivers that for centuries have shaped the people and landscapes at the heart of Europe and yet which outside of their local regions are often little known. On their banks are unique technological marvels and grand cultural monuments. Three times this cinematic journey goes from source to mouth, showing in the process how each river has its own unique character. This documentary series combines stunning landscape scenes shot on the water, on land and in the air, with river tales told in a lively fashion - historic and modern, amazing and surprising.
