Top Secret: Water - Investigating an Inexplicable Phenomenon

Das Gedächtnis des Wassers

The theory of «water memory» has long been avidly acclaimed by pseudo scientists and their disciples. To some degree, the healing method of homeopathy is based on this phenomenon as well as the potent capacity of so-called «invigorated» water (Granderwasser). The controversy as to whether this water memory is a fantasy, charlatanism, or one of the most sensational discoveries of all time has been raging for decades- and the quest for the truth leads us to discoverers in the US, Russia, Germany, Austria and Japan.
