

SYNOPSIS

On the Edge of a Knife - Kosher Butchering in Europe

Auf Messers Schneide - Schächten in Europa

But it is not only a question of animal rights that comes into debate when dealing with the issue. Xenophobic, even anti-Semitic arguments are also part of the discussion. A conflict charged with high emotions evolves with religious minorities, especially orthodox Jews and Muslims, who basically just try to live according to their beliefs. A question of priorities arises: Should the right to freely exercise one's religion supersede the elemental rights of animals?
