## The Last Christians in Turkey

### Die letzten Christen der Türkei

Christians play hardly any role in Turkish politics and society. For half a century, only a couple thousand of them have been living in Istanbul. Most Turkish Muslims are barely aware of the fact that the spread of Christianity once began in Asia Minor, today's Turkey. Today, church bells can be heard in only a few villages of Turkey. "The Last Christians in Turkey" portrays three of them -- Vakifli, Tokacli and Arbo.
