## Avalanche! The astounding Power of Snow

### Die Lawinen - Ungezähmte Kraft des Schnees

20 years ago, the avalanche disaster in Galtür claimed the lives of 38 people. As a result, more investments in avalanche protection were made in Tyrol, improving infrastructure and accelerating research into the issues. Christiane Sprachmann reports on life in the High Alps, the fight against the dangers presented by avalanches and the state of the art across all disciplines of avalanche research.
