

SYNOPSIS

The Dolomites - In the Heroes' Garden

Dolomiten - Sagenhaftes Juwel der Alpen

Untamed wilderness surrounds the distinctive rocktowers, stroked by the golden glimmer of sunset. This gorgeous scene could only be in the Dolomites. It's a place for myths and fairytales, and there's no shortage of them here. But among the crags and hidden in the shady creeks, wildlife creates new fables day by day. Take the lonesome wolf, roaming up from the Appenines in search of a mate - and finding her here. Or the red fox, carelessly at ease in every habitat: forest, bare rock, meadows, abandoned huts, even snow and ice. Few animals are so adaptable. And among the rocks is a true specialist and an even more skillful climber - the chamois. Contemplating the Dolomites' wildlife gives a new shape, a new spirit to this region.
