## Puszta - Land of Salt and Sand

### Puszta - Im Schatten der Wanderdünen

Less than an hour's drive south of Hungary's capital Budapest, Central Europe's last and only wandering sand dunes surprise the traveller. They are in continuous motion, shaping a landscape one would only expect in Africa. The Puszta is home to a unique wildlife community including wolves, steppe polecats, flocks of great bustards and scores of other exotic birds.
