

SYNOPSIS

Messengers of the Gods

Die Boten der Götter

For the first time this film shows exactly how butterflies live and how they develop through their different phases. The documentary travels the entire world and includes numerous first film recordings and rare species. These include the flesh-eating caterpillar from Hawaii and Malaysia's unique blood-sucking moth. This "Vampire" is even able to transmit AIDS.

Year: 1997

Run-Time: 1 x 48 min.
